

Passport and Visa

Travellers and travel administrators should note the following when making airline bookings with American Express:

Passport

- Travellers should ensure that their passport has a minimum validity of six months at all times.
- It is important that the name provided for the booking is the one shown on the passport that will be used for the travel.
- Some travellers might have more than one passport and administrators should check with travellers which one they intend travelling on before they make a booking.

Visas

- It is the **responsibility of the traveller** to ensure they have the appropriate visa for their travel.
- Travellers should check with the relevant [diplomatic mission](#) in Australia or American Express to ascertain the visa requirements for the intended travel.
- American Express will assume that the traveller is on an Australian passport unless they are informed in writing that this is not the case.
- American Express can arrange for visa applications if requested. Fees will be advised at the time of application.
