# PRESENTATION SYNOPSES

## COMMON ROOM

5:00pm to 5:30pm

### **Graduate Studies Select – A New Graduate Studies Option**

Presenter: Dr Anna Robinson, Academic Advisor, Graduate Education Unit

Synopsis: Graduate Studies Select is a new option for postgraduate studies at ANU. It recognises that graduate students have a range of professional and personal needs and that these cannot always be met by following a program of study in a single academic discipline. Subject to meeting course entry requirements, students will be able to select courses from across the graduate course offerings in all Colleges at ANU. This opportunity increases the flexibility and choice available. Awards within the graduate Studies program range from Certificate through to Advanced Masters levels. Studies can be structured and directed in a way which meets individual academic, personal and professional interests and enables students to develop skills and expertise in a range of learning areas.

5:30pm to 6:00pm

### **Admission Application Processes – Coursework and Research Applications**

Presenter: Ms Therese Douglass, Manager Admissions and Scholarships

Synopsis: A general overview will be given on the admissions processes for research and graduate coursework students. Question time will be included.

6:00pm to 7:00pm

### **Understanding and Engaging the World We Live In**

Presenter: Professor Andrew MacIntyre, Dean, ANU College of Asia and the Pacific

Synopsis: This presentation outlines how the specialist programs within the ANU College of Asia and the Pacific equip graduates with the skills, knowledge and expertise to engage with the main challenges and opportunities of this century.

# TORRENCE ROOM

5:00pm to 5:30pm

## **Graduate Study in the ANU College of Arts and Social Sciences**

Presenter: Professor Joan Beaumont, Director, Faculty of Arts, ANU College of Arts and Social Sciences

5:30pm to 6:00pm

## **A Degree of Certainty – How Graduate Study Can Help Your Career**

Presenter: Ms Kate Gemmell, Manager, ANU Careers Centre

Synopsis: By introducing participants to the basics of Career Planning, and providing a framework for participants to explore their own career values, this session will encourage participants to link their study plans and ideas with their future career goals. It will look at the demand for graduate skills, explore the demand areas in the graduate labour market, and show participants how to make the most of their study. Presented by the Manager of the ANU Careers Centre, this will be a useful session for those wanting to integrate their study with their broader life and career goals.

6:30pm to 7:00pm

## **Graduate Law Studies at ANU**

Presenter: Professor Donald R. Rothwell, Director of LLM Programs, and Mr Tony Cibiras, Associate Director, Legal Workshop, ANU College of Law

Synopsis: The ANU College of Law offers a variety of Masters, Diploma and Certificate programs for lawyers and non-lawyers in the public and private sectors, with particular specializations in environmental law, government and commercial law, and international law. In addition, the College offers the Legal Workshop program to Australian LLB graduates for professional accreditation to the legal profession. Some graduate courses may also be taken individually to suit personal and professional development. We welcome you to attend the ANU Graduate Information Evening to find out more about your study options.

Presenter: Mr. Tony Cibiras, Associate Director, Legal Workshop, ANU College of Law

Synopsis: The Legal Workshop at the ANU College of Law offers two professional programmes. These are the Graduate Diploma in Legal Practice for law graduates wanting to be admitted as legal practitioners and the Graduate Certificate in Australian Migration Law and Practice for graduates wanting to be registered as migration agents. Both of these programmes are offered online and have four intakes each year.

# SEMINAR ROOM

5:00pm to 5:30pm

## **Graduate Coursework Opportunities in the ANU College of Physical Science**

Presenter: Associate Professor Barbara van Leeuwen, Associate Dean (Graduate Coursework)

Synopsis: Dr van Leeuwen will provide an overview of graduate coursework opportunities in the ANU College of Medicine, Biology and Environment and the ANU College of Physical Sciences which include Chemistry, Earth Sciences, Mathematical Sciences, Physics and Science Communication.

5:30pm to 6:00pm

## **Graduate programs in Environment and Society**

Presenter: Dr Janette Lindesay, The Fenner School of Environment and Society

Synopsis: The Fenner School is unique in Australia. There are very few places in the world where economists and hydrologists, historians and ecologists, foresters, geographers and climatologists work together towards common objectives. Dr Lindesay will provide an overview of the Fenner School with an emphasis on the Master of Environment, Master of Climate Change, Master of Geographical Sciences and Master of Science specialising in Environmental Science.

6:00pm to 6:30pm

## **ANU Medical School – Admission and Degree Structure**

Presenter: Dr Anna Cowan, ANU College of Medicine, Biology and Environment

Synopsis: Details of the selection process for entry to the ANU Medical School will be presented, including types of medical places and scholarship opportunities. The structure of the medical degree, typical weekly program and facilities that support students during the degree will also be outlined.

6:30pm to 7:00pm

## **Master of Public Health**

Presenter: Associate Professor Paul Dugdale, Centre for Health Stewardship, ANU College of Medicine, Biology and Environment

Synopsis: The program is designed for health professionals seeking a qualification to equip them for management, graduates wanting a qualification in public health practice, and health administrators and policy workers needing a qualification to assist their promotion. In this session Associate Professor Dugdale will provide an overview of this program.

# DRAWING ROOM

5:30pm to 6:00pm

## **Pathways into Economics**

Presenter: Professor Martin Richardson, Head of School of Economics, ANU College of Business & Economics

Synopsis: This presentation will provide information about the Economics Graduate degrees offered by the ANU College of Business & Economics and the pathways available to enter these programs. This session will also introduce the Graduate Certificate in Economic Policy, a degree designed for students without prior economics training. For further information about the Economics graduate degrees, please visit:

<http://cbe.anu.edu.au/futurestudents/pg/economics.asp>

6:00pm to 6:30pm

## **Managing financial crises – Studying Finance at ANU**

Presenter: Dr Barry Oliver, Associate Professor, School of Finance & Applied Statistics, ANU College of Business & Economics

Synopsis: This presentation will provide information about the graduate degrees offered in the area of Finance, including the Graduate Certificate in Financial Management, Master of Financial Management and the Master of Finance.

6:30pm to 7:00pm

## **Studying Management at ANU**

Presenter: Mr Ed Russell, MBA Program Coordinator, School of Management, Marketing & International Business, ANU College of Business & Economics

Synopsis: This presentation will focus on the MBA program, as well as its two related programs, the Master of Management and the Graduate Certificate in Management. Both of these managerial programs can lead into the MBA, which gives students greater flexibility.
